Sir:

In a Notice of Allowance and Issue Fee Due mailed on **09/24/2004** the Examiner noted the Drawings were unacceptable and required Corrected Drawings submitted as Replacement Sheets. In a Phone Conversation with the Examiner, the objections to a line **3-3** of **FIG. 2** being recited on **Page 5** of the Detailed Description but not being depicted in the Drawings in **FIG. 2** was withdrawn as **Page 5** and **FIG. 2** do in fact conform with each other as the line **3-3** is clearly depicted in **FIG. 2** as described in the Detailed Description. The Examiner, Howard Weiss has waived the requirement of Replacement Drawings and the Issue Fee will be timely paid by the Applicant. Attached are highlighted copies of **Page 5** and **FIG. 2** showing that **FIG. 2** supports what is described on **Page 5**.
